

# **INTRODUCTION TO WEB APPLICATION DEVELOPMENT**

**KARIM ALIBHAI**

# TODO :

- Get to know each other
- A welcome to the course
- **Lesson 1:** What on Earth is a web app?
- **Lesson 2:** How Web Servers Chat
- **Lesson 3:** The Black Screen with the Green Text

# INTRODUCTIONS

- Your name
- Your current/future career path
- Something you are passionate about
- An interesting fact about your passion that the average person wouldn't know

# THE CATCH

- Everyone will be assigned a random partner.
- You must introduce your partner, not yourself.

**BEGIN:**  
**00:10:00.**

**TIME'S UP!**
